參與反高鐵圍立會行動，見證功能組別小圈子選舉之不公義，誓要功能組別混蛋，還我雙普選。

『神學人』性神研究小組成員，向性小眾學習，向性別不公義說:「不」。

投票選舉特首的原則：　1.由於特首選舉是小圈子選舉產生，所以，如果我們當選選委後將會食白票，以示反對小圈子選舉。2.我們會運用提名權，提名民主派人士參選，讓異見聲音有機會衝激小圈子的不平等制度。3.及鼓勵信徒在選票上寫「貪」字，用廢票表示功能組別就是「**貪**」，抗議特首小圈子選舉。

Taken part in the Anti-Express Railway campaign, witnessed to the injustice of the small-group-elected functional constituencies, I swear to kick the ass of functional constituencies, and take back our right to universal suffrage. As a member of "Theologians" sexual theology group, I learn from the sexual minorities, and have a clear stance against sexual and gender injustice.

Principles underlying your vote for a HKSAR Chief Executive Candidate

As the election of Chief Executuve is small-group-elected, we shall eat the ballots publicly to protest against this unjust election.We will utilize the right of nomination to nominate democrat candidate for CE, so that different voices may emerge to impact and destabilize the unfair system of the small-group-elected election. We encourage voters to write the word "greedy"on the ballot papers representing 'Functional constituencies are just greedy', and as a mean to protest against this unjust Chief Executive election.
